RECTOR'S MESSAGE

Dear Prospective Students,

Congratulations on choosing to study at the Institute of Accountancy Arusha (IAA). As the Rector of this esteemed institution, I am thrilled to welcome you. Your choice of IAA is a testament to your desire for academic excellence and professional growth, demanded by a competitive global job market.

When it comes to higher learning, IAA sets the standard in Tanzania. Our rigorous curriculum, distinguished faculty, and conducive learning atmosphere have set an unparalleled academic standard. We offer a variety of programmes ranging from certificates to diplomas, bachelor's degree programmes to master's degree programmes. Our teaching method includes the blended mode for broader and easier learning experiences.

Our forte extends beyond mere academics. At IAA, we excel in consultancy services, researching new realms, and offering comprehensive short courses. A key initiative by the institute is the crafted programme that places great emphasis on innovation, employability and apprenticeship, fostering a connection between our students and the working world.

To make our quality education accessible across Tanzania, besides our main campus in Arusha, IAA has extended campuses in Dodoma, Babati, and Dar Es Salaam. Each campus radiates a vibrant community spirited towards accomplishing personal and professional aspirations.

This prospectus encapsulates extensive academic and administrative details with insights that ensure your journey with us is enlightening and seamless.

Thank you for considering the Institute of Accountancy Arusha, and I wholeheartedly welcome you aboard our community of dynamic scholars. We believe that success is the journey, not the destination, and together, we are on this exciting ride towards a prosperous future.

Prof. Eliamani Sedoyeka (PhD.)
Rector - Institute of Accountancy Arusha

CHAPTER ONE: GENERAL INFORMATION

1.1 ABOUT IAA

The Institute of Accountancy Arusha (IAA) is a parastatal educational institution under the Ministry of Finance originally established in 1987 to offer training for candidates aspiring to acquire National Board of Accountants and Auditors (NBAA) certification.

In 1990 the Parliament of the Republic of Tanzania under Act No. 1 of 1990 established the Institute of Accountancy Arusha to offer programs independent of NBAA certification. The Institute has overtime developed a total number of sixty five academic programmes from Certificates, Diploma, Bachelor Degree and Master's Degree.

The Institute also conducts short- term courses, seminars, and undertakes consultancy and research activities as part of its mission. Through these interventions, IAA aspires to develop lasting partnerships with industries, the Government, and non-governmental organizations.

The Institute headquarter is situated at Njiro Hills about 8 km from the beautiful city of Arusha and the Institute has expanded by having campuses in Arusha, Babati, Dar es Salaam and Dodoma.

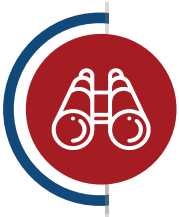

1.2 OBJECTIVES

The objectives and functions of the Institute are to:

01	02	03	04
To provide facilities for the study of and for training in, the principles, procedures and techniques of accountancy and such other related subjects as the Council may from time to time decide.	To conduct training Programmes leading to professional qualifications, in accountancy and such other related subjects.	To sponsor, arrange and provide facilities for conferences and seminars for discussion of matters relating to accountancy.	To arrange for the research, consultancy, publication and general dissemination of materials produced in connection with the work and activities of the Institute.

1.3 VISION, MISSION AND CORE VALUES

1.3.1 VISION STATEMENT

To be an exemplary centre of excellence in modern business management training, research and consultancy services.

1.3.2 MISSION STATEMENT

To provide high quality competence-based training and offer research and consultancy services through applied technology.

1.3.3 CORE VALUES

In performing our functions, we as the Institute are guided by the following core values:

Customer Focused:
We shall continue to put Customers in the primary focus in all our activities.

Integrity & Transparency:
We shall commit ourselves to be morally correct and transparent in all our endeavors.

Excellence & Professionalism:
We shall produce quality graduates and maintain professional etiquette in all our actions and interactions.

Creativity & Innovation:
We shall transform challenges into opportunities.

Accessibility:
We shall avail our programs and opportunities to be pursued by a larger society.

Responsibility:
We shall be responsible to promoting education and offer solutions to societal needs.

Teamwork:
We shall foster a work environment characterized by teamwork spirit.

Diversity & Equal Opportunity for All:
We shall value cultural diversity among our Students, faculty, and staff and be committed to the establishment of an atmosphere where individuals can get equal opportunities for challenge, self-development and learning.

1.4 CAMPUSES

One of the Institute's strategic goals is to "Provide quality academic and professional services to customers in order to produce quality academic and professional experts for the industrialization of the Tanzanian economy." In its initiative to achieve this goal the Institute started to expand horizontally in the year 2009 by opening the first of its campus in Dar es Salaam, followed by Babati Campus and then Dodoma. However, recently due to the new organization structure Arusha has also been establishes as a campus.

1.4.1 BABATI CAMPUS

Babati Campus was established in 2014 and forms the group of campuses of the Institute of Accountancy Arusha. This campus, is fully registered by National Council for Technical and Vocational Education and Training (NACTVET) and offers Competence-Based curricula (CBET) to cater for the ever changing needs of learners, future employees and employers in the fields of Accountancy (AC), Finance & Banking (FB), Business Management (BM), Procurement & Logistics Management (PLM), Information Technology (IT) and Computer Science (CS) at Certificate and Diploma level (NTA 4, 5 and 6).

The campus is located at Old Majengo Street, opposite the Manyara Regional Magistrate's Court along Dodoma road at about 500M from Babati –Singida junction in Babati town. Babati Campus operates in a rented building which is the former Babati Town Council's office.

We have highly qualified faciliatators to guide students on acquiring the necessary skills and competencies required in the world of science and technology.

The Campus also operates in private hostel around the Campus premises, however, we are planning to move to our permanent place where Construction of Students hostels and Administration block which houses class halls and offices are being built.

1.4.2 DODOMA CAMPUS

Dodoma campus came into existence during the 2021/2022 financial year, not only that but the need was also necessitated by the growing population in Dodoma City following the move of the Central Government to the Government's Capital City, Dodoma.

The campus is located at Mtendeni Street, near Nyerere square, in the NIC Building, second floor, the campus is fitted with spacious and comfortable classroom, and there are also a library and computer room.

IAA Dodoma campus is fully registered by NACTVET with registration number REG/BTP/136, currently the campus offers both long term and short-term programmes in various proficiency. The long-term programmes varying from one year to three years duration are; Basic Technician Certificate in Human Resource Management, Basic Technician Certificate in Finance and Banking; Ordinary Diploma in Human Resource Management and Diploma in Finance and Banking.

The Institute through its Dodoma campus also offers different master degree programmes

which are offered in a blended and physical class model which includes; Master of Science in Finance and Investment, Master of Business Administration in Information Technology Management, Master of Business Administration in Procurement and Supply Management, Master in Information Security, Master of Business Administration, Master of Science in Human Resource Management, Master of Business Administration Leadership and Governance, Master of Accountancy and Finance, Master of Arts in Peace and Security Studies, Master of Science in Project Planning and Management and Master of Accountancy.

Short-term programmes offered at the campus are; review classes for National Board of Accountants and Auditors (NBAA) examinations from ATEC I up to Final Stage, review classes for ACCA examinations, whereas it is also a center of ACCA examinations and review classes for TIOB examinations. Executive short courses and Executive tailor- made short courses are also offered at the campus as announced from time to time through the Institute's website.

The long-term plans of IAA – Dodoma is to continue increasing number of programmes offered at the campus covering all levels from Certificate programmes to Master Degree programmes. Further, IAA – Dodoma has started construction of administration, classes and hostel buildings in its own plot located at Ndejegwa Investment area.

1.4.3 DAR ES SALAAM CAMPUS

The Dar es Salaam campus was established in 2011 under the collaboration with Coventry University, UK offered only Masters Programs. In 2019 the collaboration ended, IAA began to offer courses independently include Certificate, Diploma, Bachelor Degree and Masters Programs. Recently, the campus added new courses including Human Resource Management, Marketing and Public Relations and Computer Science (NTA 4,5 and 6).

The campus is located at TTCL Kijitonyama Building, opposite COSTEC Headquarter along Mwenge Road in Kinondoni District. Dar-es salaam Campus operates in a rented TTCL Kijitonyama Building.

The Dar es salaam Campus, through the guidance of the National Council for Technical and Vocational Education Training (NACTVET), offers Competence-Based curricula (CBET) to cater for the ever changing needs of learners, future employees and employers in the fields of Accountancy (AC), Finance & Banking (FB), Business Management (BM), Human Resource Management (HRM), Leadership and Governance (LG), Marketing and Public Relations (MPR) Procurement & Logistics Management (PLM), Information Technology

(IT) and Computer Science (CS). The short-term training program provided include Review Classes for National Board of Accountants and Auditors (NBAA) Examinations and Review Classes for ACCA Examinations.

The campus has three academic departments including Department of Informatics, Department of Business Management and Department of Accountancy. To ensure quality education provision, the campus recruited highly qualified academic staff to facilitate and guide students on acquiring the necessary skills and competencies based on NACTVET standards.

1.9 STUDENT WELFARE

Office of the Dean of Students

The Office of the Dean of Students provides a range of services to the students. The Dean is responsible for the coordination of all students' affairs with the Management in general and the Directorate of Academic Affairs in particular. He/she also provides all the necessary guidance and counselling to students.

Accommodation

It is the responsibility of the student to s-cure his/her accommodation. Accommodation is limited at the Institute and it is provided in preference to female students on a first come first served basis. The standard room at the Institute is for four students to share. In times of critical need more students may be asked to share a standard room while allowing more time for the additional students to look for their own accommodation.

Postal and Banking Services

While there is a letter box for outgoing mail at the Administration building, other postal services can be obtained at the Post Office in town. Banking services are offered by several banks in Arusha Municipality.

Catering Services

The Institute's catering services are decentralized, and students' meals are served in different canteens.

Religious Services

The IAA community is comprised of individuals from a wide range of religious backgrounds. Complete freedom of religious worships is given to all so long as it encourages positive religious values.

Recreation and Sports

The Institute has in-door and outdoor sports and games facilities. These facilities include a football pitch; concrete basketball, volleyball and netball courts; and other indoor games. Students meet the cost of their sports gear.

Apart from encouraging students and staff to participate in various sports and games for competition and recreational purposes, the Institute also contributes to "Shimivuta" competitions where IAA students meet fellow students from other Institutions.

Medical Services

Students are expected to observe normal health and safety regulations. In the event of illness or accident, the Dean of Students should be informed immediately. Medical care is available in several hospitals within Njiro Hill area, in close proximity to the Institute, and in a variety of hospitals within the Arusha Municipality. In regards to this, National Health Insurance Fund (NHIF) provides health cover to students at a fee.

Transport and Travelling

Regular public shuttle services to and from Arusha town are available at affordable fares. Students travelling to and from the Institute during vacation are required to make their own travel arrangements.

Library Services and Facilities

The Library is the heart of the Institute of Accountancy Arusha and is an integral part of the Institute's mission which revolves around teaching, research and consultancy. It provides access to both printed and electronic information resources and currently it maintains a collection of more than 30,000 books and over 100 printed journals.

IAA library also subscribes to electronic journals and bibliographic databases. As of now the library subscribes to the following online databases: emerald, JSTOR, wiley etc. It has an online Public Access Catalogue (OPAC) for searching library materials and has computerized its borrowing and lending activities. To facilitate easy access, it conducts User Training Programs to both staff and students.

The New Library Complex and Electronic Library are able to accommodate more than 1500 students at once. Apart from using the library there are other open and indoor spaces conducive for reading and discussion purposes.

The Library opens for 15 hrs every day Opening Hours

- Monday to Saturday 0800hrs to 2200hrs
- Sunday 1400hrs to 1800hrs

- Closed on Sundays and Public Holidays

Note: Opening hours are extended near examinations and shortened during vacations.

ICT Services and Facilities

There are many reasons to select IAA as your Information Technology and Computer Science Career Training destination. The huge investment in ICT and the continued efforts by Management to ensure quality ICT services are among the factors that position IAA at the highest rank of best ICT and Computer Science Training Institutions in East Africa.

The Information and Communication Technology (ICT) is responsible for the management of ICT infrastructure, ICT Services and other resources related to ICT. The department provides both LAN-born services and subscribed ICT related services. The department also provides technical expertise, user support assistance, and advice in ICT related operations and tasks to the Institute.

The Institute has numerous Computer Laboratories which are used by students and staff for learning purposes. These Computer laboratories are categorized according to areas of specialties offered at IAA. The specialty areas include Computer Networks, Computer Maintenance and Repair, Software Development and Program Design, Data Analysis and Presentation, Information Security, and Computer Applications

Access to computer laboratories normally follows the IAA Class Timetable issued at the beginning of every semester. Students are allowed to enter into computer laboratories from 8.00am to 10.00pm from Monday to Friday. ICT facilities are also available on Saturdays from 10.00.am to 4.00pm. However, all computer labs are closed on public holidays.

ICT services are available to both staff and Students free of charge and these services include; Individual Email, Staff and Student Portals, Online Student Information Manager, Wireless Connection, Home Folders, Internet Surfing, Access to Online Library Systems, and E-Learning facilities.

The use and management of ICT facilities and services at IAA are governed by the ICT Policy. The policy forms part of the Institute regulations. Students and staff are supposed to adhere to the policy. The policy is available for free on the staff and student's portal.

Students' Union

There exists a students' organization at the Institute its main purpose is to promote and safeguard students' general interests. It is an autonomous organization which improves

to a greater extent a cardinal relationship based on mutual understanding between the IAA students and other students within Tanzania and outside. In addition, it serves as a channel of communication between students and Institute's authorities. It also deals with students' social, cultural, and other recreational activities. Membership to this organization is mandatory upon a student's enrolment at the Institute. There is an annual subscription fee which is payable by every student.

CHAPTER SEVEN:
BUSINESS START-UP CENTRE

About IAA Business Start-Up Centre

IAA Business Start Up Centre is an Incubator under the Institute of Accountancy Arusha that creates a home for start-ups, entrepreneurs and innovators students from the Institute of Accountancy Arusha (Certificate to Masters level). It was officially launched on the 6th December, 2019 and so far, has been beneficial to more than 250 youth students and non- students.

Over the past few years many students and graduates from the Institute of Accountancy Arusha have shown interest in entrepreneurship and business. Apart from the good academic offerings received from various programs offered by the Institute these students and graduates have been struggling to enter the entrepreneurship and business world. Translating theories and concepts taught in class might need little support so as to fit in the real environment. For this case some of them fail along the way due to various challenges faced.

These candidates are doing their best in entrepreneurship and have their own innovative and creative touches that differentiate them from other players in the competitive market. These efforts caught the attention of the Institute and hence decided to start an incubation Centre that will allow some of these candidates to have a smooth transition of their ideas and start-ups to a more productive and sustainable business venture.

Why IAA Business Start Up Centre

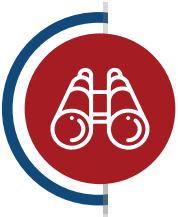

Entering the business world has never been easy especially for youth in higher learning Institutions or those that have just graduated. The difficulties come from various angles including lack of required skills, lack of right information, lack of start-up capital, lack of affordable working space, lack of knowledge and access to successful persons in similar businesses and many more. For this case the Institute of Accountancy Arusha established a business incubator that hosts youth students from the Institute in undertaking their entrepreneurial projects. This incubator aims at taking the youth through idea improvement and ensuring that the idea moves to a start-up and finally graduate to a profitable business.

Moreover, the business incubator also assists youth to be more innovative and creative so that they bring to the market something that differentiate them from the other players in the market. The incubator starts with germinatation (ideas), start-ups and eventually profitable companies that are looking for a particular type of facility. Every level has an

expected outcome in a defined time that marks the incubetee graduating from the level. The number of incubates depend on available resources.

Furthermore, the incubator have different programmes running throughout the year, some will are short term and others are long terms. It also works with different partners in the business, entrepreneurship, technology, innovation and creativity ecosystem from in and out of the country. This ensures that incubates are exposed to the right resources so as to build a success story.

The incubator is a place where the outside world meets with talented students who want to become entrepreneurs. External stakeholders (government, SME's, corporates etc.) present their challenges and interact with lectures, students and start-ups. The incubator is the ecosystems of Arusha where all kind of ideas arise and where all type of professionals work to improve the social and entrepreneurial environment of Arusha.

IBSUC Vision

A leading center for nurturing innovative ideas into striving businesses.

IBSUC Mission

The landing place where business, professionals and youth connect, get inspired and are helped to develop new businesses for rapid social and economic development.

Objectives of IAA Business Start-Up Centre

IAA Business Start Up Centre Programmes

IAA Business Start Up Centre programs run various incubation programs intended to mould the Start Ups so that they can be able to perform their entrepreneurship activities with the right skills, mind set and knowledge. These programs based on various areas grouped in cohorts distributed as

1. Business Entrepreneurship Incubation Program,
2. Social Entrepreneurship Incubation Program
3. Leadership Incubation Program
4. Innovation/Talent/ Industry Specific Incubation Program.

Partnering Institutions

IBSUC welcomes various Institutions, Organizations, Firms, student's clubs and leadership to partner with them in execution of its plans. The Institutions could partner with the Centre in various ways that bring a win situation. Sourcing of the partnering organization could be through direct approach to the Institutions by the Centre but also through the Institutions approaching the Centre directly.

(1) A candidate who absents oneself from semester/trimester/block or supplementary examination or fails to do field/project work/ dissertation without reasonable cause shall be discontinued from studies.

(2) A candidate who without reasonable cause, as determined by Deputy Rector - Academic, Research and Consultancy, absents oneself from any continuous assessment (administered on either traditional approach or online), or fails to submit assignment within the prescribed time shall be considered to have attempted such test or assignment and shall be awarded a zero mark.

(3) A candidate reporting into examination hall 30 minutes after the commencement of examination shall be regarded to have failed the examination and shall be awarded zero mark.

(4) A candidate allowed to postpone from attempting a continuous assessment(s) shall be required to complete the same before attempting the end of semester/trimester/block examinations.

(5) A candidate shall be responsible for initiating any request to make up a continuous assessment missed because of class absence and such request must be lodged within one week after the date of missing the assessment. If the module facilitator requires evidence, the candidate shall submit appropriate documentation. In case of failure to submit acceptable documentation then Regulation 15(2) shall apply.

(5) A candidate allowed to be absent from the end of semester/trimester/block examinations either in part or in its entirety for some reasons other than factors specified by Regulation 20 (1), shall be allowed to take the examinations or part thereof as first sitting during the supplementary examinations session in the same academic year.

16. Handling Examinations for Persons with Disabilities

(1) Conduct of examinations for persons with disability The Registrar's Office in collaboration with Dean of Students shall organize for Special examinations arrangements for persons with disabilities.

(i) Students with physical disabilities, specific learning difficulties (such as dyslexia/ dyspraxia), long-term health conditions or mental health difficulties who will require special examinations arrangement must register with Admissions Office as soon as they have enrolled with the Institute.

(ii) Dean of Students shall be responsible for assessing student's need for special examinations arrangement approach and suggesting the appropriate flexible approach for conducting examinations.

(iii) The student's current needs for special examinations arrangement must be re-assessed before each examination to be identified if the student no longer deserves special examination arrangements or additional conditions need to be taken into consideration.

(iv) Where a student does not have a recognized disability but require special examination or disability developed after enrolling, he must obtain approval of the disability from registered medical practitioner.

(2) A flexible approach to special examinations arrangements can be made by considering one or combination of the provisions as stated below

(a) Additional time of 15 minutes for each hour of the examination (25 per cent more time). For periods of less than one hour, the additional time would be given on a pro-rata basis.

(b) Supervised breaks of up to 10 minutes per hour either in or out of the room may be permitted in special circumstances. Candidates are not permitted to read, write notes or continue working during a rest period; and the candidate's script and examination paper must be turned face down on the desk.

(c) Provision of assistance like sign language Interpreter for the hearing impaired.

(d) Modified Question Papers for visually-impaired candidates. The question papers shall be modified by increasing the font size, for the partially sighted or where possible, use of braille versions of the question papers for the blind.

(e) Modified stationery and answer booklets may be provided, for example enlarged print graph paper enlarged print mathematical tables.

(f) The use of other mechanical or technological aids shall be permitted for candi dates who are unable to write or have difficulty in writing. Use must not be made of a thesaurus, spell checker or similar electronic device, whether part of word processing software or otherwise. Permission will not be granted if the request is made on the grounds that a candidate has untidy hand writing.

(g) A separate examinations room for candidates who require assistance from a scribe or reader shall be granted. An Invigilator must be assigned to the room.

(h) Candidates who have specific learning disabilities or have a hearing impairment may have certain of their examination scripts referred to a review panel for purpose of ensuring that no undue penalty has been imposed by a marker who

has no knowledge of the candidates' difficulties. This will be for only those scripts which require the candidates to produce significant amounts of extended writing.

(i) A candidate undertaking problem solving examinations may be given additional time for reading, if it is appropriate to their circumstances.

(j) Use of a recorder to produce spoken responses which are later transcribed into text for marking purpose. The candidate should review the written responses to check for errors before marking.
